has held since its inception six years ago. The weather was clear and warm, the track good and exceptionally fast; all the events were warmly contested and the largest crowd that has ever gathered on Franklin field to see relay races was present. Over 100 of the large colleges, academies and preparatory schools in the East were represented in the various events, and over 430 atheletes were entered. In the broad jump there were only two contestants-Prinstein and Kraenzlein, Prinsfein's Great Jump.

The latter, who helds the world's 129 yards and 230 yards hurdle records, has been ill for some time, and had to give up training until a few days ago. He only jumped twice and the best he could do was 23 feet 21. inches. Prinstein took three leaps, breaking Kraenslein's record on the jump. Duffy, the Georgetown sprinter, ran a strong race in the 190-yard dash, as is proved by his equaling the world's record. He led all the way, while his comrade from Georgetown, E. G. Minnehan, kept second position from the start to the finish. The one-mile relay college championship was looked forward to with the greatest laterest and was won by the fleet runners of the Chicago University in a magnificent struggle.

It was the best relay race of the day, and the time made was only one second slower than the world's record, which stands at 322–25. Holland, Georgetown's first runner, took the lead and finished his quarter five yards in front of Slack of Chicago, with Cook of Pennsylvania a close third. The next runners for the second quarter, Dessez of Georgetown, Lord of Chicago and Smith of Pennsylvania, finished their quarter in the order named. On the third quarter, F. G. Maloney of Chicago, by a mighty spurt, wrested the lead from J. E. Mulligan of Georgetown and finished his quarter with a good lead for the list man of his team to keep up. In the last quarter, W. A. Moloney neld the lead given him by his predecessor and wen by five yards, Drumhelier of Pennsylvania finished second and Kernan of Georgetown was close up for third place.
